Why DATABASICS

Simplifying Time & Expense for Sage Intacct

DATABASICS makes time tracking and expense reporting easy for Sage Intacct users. It's mobile, global, and fully integrates into your ecosystem of business applications.

The tight integration with DATABASICS expands Sage Intacct's offerings, giving users an easy-to-use application that captures all dimensions of labor and expenses all within a single solution. The result is less administrative burden on employees, better visibility into projects and activities, policies are automatically enforced, and built-in robust reporting gives you 100% view of costs.

DATABASICS delivers on your most demanding requirements:
